

## DEFENSE RIDDLES JOHN BLACK'S TESTIMONY

### Lower House Strikes Vital Section From Lipscomb Bill, Changing Measure

But Friends of County Equalization Have Not Abandoned the Fight by Any Means.

TAX REFORMERS NOW HAVE HOPEFUL EYES ON SENATE TO SAVE DAY

Surprise in Way Some Members From Counties Expected to Favor the Measure Cast Their Votes.

By a vote of 195 to 68, the house yesterday afternoon passed the Storrill amendment striking section 16 from the ways and means committee tax equalization bill, otherwise known as the Lipscomb bill.

This is taken to mean that the house is opposed to a tax reform measure which provides for equalization among counties and for a state board of equalizers. It means that the ways and means committee bill can not pass the house.

On the other hand, however, the advocates of a state board have not given up the fight. Many of them had rather see their bill pass even if it changed form than to abandon the principle of equalization among counties altogether.

Still, the chances of the passage of the Storrill substitute by the house today are considered as slim. Advocates of tax reform feel that even that will be better than nothing at all.

No provision will be made in this bill for a state board of equalizers or for equalization among counties, further than a possible slight extension of the advisory functions to be imposed upon the comptroller general.

Wright, powers which he has repeatedly declared should not be added to his duties and which he does not want.

Tax Reformers Now Look to Senate. When the house passes the Storrill substitute, as it probably will, the tax reform bill will then be up to the other branch of the general assembly and friends of state-wide equalization which is generally regarded as the only way to bring about an honest system of taxation in Georgia, will have their eyes on the senate from now on.

Before the Storrill substitute is acted upon, two important amendments will be offered with a view to strengthening the bill, which may be accepted by the author.

Probable Amendments. There are amendments proposed by Representative Greene of Houston, giving the comptroller general an additional \$1,500 clerk to help him along in his capacity as controller of the county boards, and another amendment, probably a provision for state property inspectors.

The other is an amendment by Representative McMichael of Marion, providing for the appointment by the county boards in a county of tax discoverers, who shall inquire into the returns to ascertain whether they have been made too low and also seek out and find property which has not been returned. These discoverers are to be paid a fee of 50 cents for every \$100 worth of property so raised and discovered, and the same to be assessed as a penalty upon the property so brought upon the list.

IF YOU WANTED TO GO TO NEW YORK

—you wouldn't buy a ticket to Florida.

You'd seek the shortest, quickest and surest route to your destination—and the quicker the better—if you were hurried.

If you seek a job you should follow similar tactics—use the shortest, surest and quickest route to the men who need your services.

That is through the Wanted Advertisements of The Constitution—the only morning paper in Atlanta. It is read by business men at the beginning of each new day. Just when they are wondering how they'll fill the vacancies in their offices.

They believe in Constitution want ads because they know the advertisers pay for them. They have faith in Constitution want ads and use them readily.

So, if they are willing to read Constitution want ads and use them, too, you should be willing to meet them in the same way.

Just remember this—there has never been a day since the world began when we didn't have to pay for what we wanted.

YOU CAN'T GET SOMETHING FOR NOTHING!

### GREAT GEM HAULS MADE BY ROBBERS

Jewels Worth \$250,000 Stolen From Mrs. Hanan and Mrs. Rumsey—Panic Among the Residents at Narragansett.

Narragansett, R. I., July 30.—Thoroughly alarmed by the robbery at "Shore Acres" and at the Rumsey cottage, which netted the thieves almost a quarter of a million dollars, summer residents here have adopted extraordinary precautions against similar losses.

Large quantities of jewelry were placed in safe deposit vaults today. Much of it was shipped to New York. Many residents engaged extra watchmen. It is likely that the special police force organized for the summer colony some years ago and later disbanded will be re-established.

The loss to Mr. and Mrs. Charles Rumsey is variously estimated at from \$75,000 to \$115,000. Mrs. Rumsey would say nothing today to the original announcement that jewels of great value had been taken, though from another source came a denial that more than one necklace had been stolen.

John H. Hanan is seriously ill at "Shore Acres" and the news of the robbery of his wife's boudoir has been withheld from him. Mrs. Hanan would not set a figure on the value of the jewels stolen and the estimate of \$150,000 is that of a jewelry expert.

Many Detectives at Work. No one knows how many private detectives are here, but at least three agencies have been called upon for their best operatives.

Mrs. Hanan stoutly denied tonight that anyone had been in the room of her wife's boudoir last night. She also told more of the circumstances surrounding the loss of her jewels. After selecting what she wished to wear Friday night, all but a few pieces were returned to a secret drawer in a bureau and the drawer locked. The maid who assisted her to dress left the room when Mrs. Hanan did.

Some time later the maid returned to the room and noticed that the treasure drawer was open, and the greater part of Mrs. Hanan's jewelry missing. She immediately notified other servants, and they waited for Mrs. Hanan's return.

Maid Was Shocked. "My maid was so shocked at the discovery of the loss," said Mrs. Hanan, that she had not recovered when I arrived. She has been in my employ for twenty-five years, and I trust her absolutely.

Up tonight the detectives apparently had discovered no solution of either the Hanan or the Rumsey robberies, though they concluded that the stolen jewels were being hidden in the neighborhood which was being searched tonight near the house Saturday night, until, escorted by the police, he entered an automobile and was driven away.

### 2 ARE DEAD; 7 ARE DYING AND 11 OTHERS BADLY HURT

Motorcycle Scatters Death Racer at Motordrome Drives Machine Into Pole, Tank Explodes and Burning Oil Strikes Spectators, Setting Them on Fire.

Cincinnati, July 30.—Two are dead, six will die before morning, according to attending physicians, one other is probably fatally injured and eleven others are seriously injured, as the result of a motorcycle accident at the Lagoon motordrome, across the river from this city, tonight.

Edwin Johnson, of Salt Lake City, captain of the Cincinnati team, which was contesting at the motordrome, for some reason that will probably remain unknown, drove his cycle to the extreme tip of the circular track, crashed into an electric light pole, broke it off and the contact of the live wire with his machine exploded the gasoline tank, throwing the burning fluid over a score of spectators.

Paid With His Life. Johnson paid the penalty with his life while William Davis, aged 5 years, is likewise dead as the result of the accident.

Two women and four men, so physicians state, cannot live until morning, while others are at the Kentucky hospital in a serious condition.

Many more spectators were killed than were the victims of the crash. Several drug stores in the vicinity of the place were kept busy for an hour after the accident dressing the burns of persons who escaped without serious injury.

The seriously injured so far as known tonight are: Orrville Hart, Newport, Ky.; William Patterson, Cincinnati; Herman Davis, Cincinnati; Mrs. William McMichael, Cincinnati; Miss Bruckman, Cincinnati; an unidentified boy.

Was Seriously Injured so far as known tonight are: William McMichael, Cincinnati; J. N. Cullen, Lima, Ohio; Michael Carney, Lima, Ohio; Edna Davis, Newport, Ky.; Mrs. Charles Davis, Louisville, Ky.; Adelbert Crockett, Covington, Ky.; Harry Brown, Newport, Ky.; two unidentified boys.

The race was the last one on the program for the night and Johnson, who had won both previous contests, was leading. In coming in front of the grandstand, he was seen to suddenly steer his wheel toward the top, and before he could right it again he had crashed into the electric light pole.

A moment later a streak of flame shot out over the audience. Persons with their clothing in flames ran here and there, and it was with difficulty that the flames were extinguished in time to prevent the grandstand from catching fire.

Johnson was conscious when picked up, but died on the way to the hospital, as did the Davis boy.

### KILLING HOT WAVE ONCE MORE ROLLS OVER THE COUNTRY

The 100-Degree Mark Common and in Many Cities Temperatures as High as 106 Were Reported.

NO PROMISE OF RELIEF BY WEATHER EXPERTS

Deaths and Prostrations Were Numerous—As Usual the Babies Furnished the Majority of the Victims.

Chicago, July 30.—Mid-summer heat, bringing to many cities temperatures as high as 106 and making the 100 degree mark common over the wide extended throughout the central states today.

Generally described the heat wave extended from the Rocky mountains to the Atlantic coast, but the maximum temperatures were reported from points between Kansas and Ohio.

The weather bureau temperatures, usually several degrees lower than the street level temperatures from Cincinnati, Indianapolis and Dayton, were 102, Louisville registered 103.5 degrees.

Southern Illinois got the full blast of the heat. At Galesburg it was 104 and at Peoria 104. Burlington, Iowa, also reported a temperature of 104. Local observers in the heat in some places, while at Galesburg, Ill., said the heat was the hottest since July 1, 1903, when it enjoyed 112 inches of rain.

Over Missouri, Illinois, eastern Iowa and southwest Ohio the heat generally was about the 100 mark. Scores of deaths and numerous prostrations were reported.

Shower probably would bring relief, the weather bureau experts said. They said, however, that the heat would probably be continued tomorrow night to many of the suffering sections where the mercury climbed highest today.

The heat was intense today practically everywhere east of the Rocky mountains, the highest temperature, according to official figures, was 104 degrees, being reported from Yuma, Ariz.

Grand Haven, Mich., reported a new record for that section of 104 degrees. Des Moines, Iowa, and Concord, N. H., with their marks of 103, said the day's record for territory outside the testimony which, it is reported, will be able to give.

### SLEUTH CONFUSED UNDER MERCILESS CROSS-QUESTIONS OF LUTHER ROSSER

Just Before He Left the Stand He Confessed That He Was "Mixed Up" and That He Could Not Recall What He Had Testified a Moment Before—Tangled on Finding Bloody Shirt.

FRIENDS OF PRISONER HAVE HIGH HOPES NOW OF FAVORABLE VERDICT

"Boots" Rogers, Grace Hicks, Mrs. J. W. Coleman and J. M. Gantt on Stand During Day—Mobs of Curiosity Seekers Besieging Doors to Gain Admission to Frank Trial.

When Wednesday's session of the Leo M. Frank trial had come to a close, the friends of the accused were filled with high hopes for his acquittal. They were nothing short of jubilant, and on all sides expressions of satisfaction were heard.

This feeling was based on the fact that the testimony of John Black, member of the Atlanta detective department, who worked up a large share of the evidence against Frank, told to the ground to a large measure, under the merciless cross-questioning of Luther Rosser.

Time and again Black contradicted himself, so that the fact that he confessed that he did not remember. Just before he left the stand he confessed to Mr. Rosser that he was "mixed up," and that he could not recall what he had testified a moment before.

Black Very Nervous. Black's memory proved treacherous on many points, but it was in regard to certain what day it was Frank had been in the house that he got mixed up and confessed his inability to recall dates.

Solicitor Dorsey had stated that he expected to show that Black had gone to Leo's house only after Frank had been informed that several punches were missing from the time slip taken from the register clock, and that Leo would have had time to go home; that after the time slip had been searched for incriminating evidence at the suggestion of Herbert Hays, that Frank insisted that he had been in the house and that the bloody shirt was really a "plant."

Black's failure to recall the date of the contention of the solicitor. He could not say with any degree of certainty what day it was Frank had told him of the "misses" on the time slip.

He was also busy as to the time Frank was actually detained at police headquarters. He could not tell by some hours what time he had done.

## Rogers on Stand Describes Visit of Frank to Undertakers

When court convened and before the jury had been brought in, Attorney Luther Rogers entered an objection to the drawing of the pencil factory, which Solicitor Hugh M. Dorsey had hung upon the wall after removing the descriptive lines. Objection had previously been made to the lines and the solicitor had caused them to be erased.

Attorney Rogers and his colleague, Reuben Arnold, declared that the dotted lines which show the state's theory of how the girl's body was carried from the second floor to the basement were not part of the building and hence were not admissible. Mr. Dorsey cited rulings of the supreme court to show that he had a right to leave this line in the picture and Judge L. S. Ross allowed it to remain in, later explaining to the jury that the drawing was submitted with the agreement that the state would not conclude unless backed by argument to carry out that theory.

Mr. W. W. (Dorsey) Rogers, ex-county policeman in whose automobile the police officers were taken to the factory the morning the girl was discovered, and who later carried Lee Frank from his home at 314 East Georgia avenue to the factory, was called. After the usual questions as to his connection with the case, Solicitor Dorsey took up the formal examination.

"Where were you on or about April 24, 1913?"

"In the daytime I was riding in my car and at night I was at police station."

**Tells of Going to Factory.**

Rogers then told of going to the factory and carrying the officers in his machine, and Mr. Dorsey took the detail of what had happened when they were there.

"You hear Detective J. N. Barnes talking over the telephone in his machine, and Mr. Dorsey took up the detail of what had happened when they were there."

"You see he was talking to someone over the phone. I did not catch the name, but he turned and asked me if I would take my car and go to East Georgia avenue and bring Mr. Frank to the factory."

"Did you go?"

"Yes, and I asked Detective Black to go with me."

"What happened there?"

"Mr. Black went up to the door and I followed. Mr. Frank, dressed in a heavy bath robe, opened the door. Mr. Frank, Mr. Frank, called him and he came out from behind a curtain, and started toward us."

"Describe his appearance."

"He was a white man, about 35 years of age, with dark hair, wearing a white shirt and dark trousers."

"Did you see any other people there?"

"No, I did not see any other people there."

attendant and asked them in rapid succession:

"Detective John Black, who later took the stand, declared that Frank was nervous and in describing his voice, stated that he appeared hoarse, but he agreed with Rogers that the words were quick spoken."

"Was there a last time for a man in bed to have dressed himself as Frank was dressed when he arrived at the factory?"

"No, there was not," Rogers replied.

## Gantt, Once Phagan Suspect, On Stand Wednesday Afternoon

J. W. Gantt, who once was a suspect in the famous case, followed Mrs. Gantt to the stand at the afternoon session.

"Have you ever been connected with a pencil company?"

"From January 1, 1911 until April 1, 1912 I was employed with that concern as shipping clerk. I was discharged by Mr. Frank for an alleged short-coming."

"Did you know Mary Phagan?"

"Yes, I knew her as a little girl. I did not know her when she was a woman."

"How do you know this?"

"I knew her when she was a child. I was far away from work from her. I worked in the office and she worked in the factory."

"In reference to Frank who were you?"

"We were in the same office. I was a shipping clerk and he was a shipping clerk. We were both employed by the same company."

"Did you see any other people there?"

"No, I did not see any other people there."

"Did you see any other people there?"

## Bearing of Black and Lee, Forms a Study in Contrast

By Sidney Ormond.

Comparisons are odious, but to the close study of the events following the Mary Phagan murder and the trial now in progress one cannot help contrasting the impression made on the jury by New Lee, the negro night-watcher of the National Pencil factory, and the testimony of John Black, detective, who worked up a large part of the evidence being used against Lee. Mr. Frank by the state.

It was only a short while ago that John Black, according to the statement of Lee, was "blatantly lying" at his night and day in an effort to get something new in regard to the death of Mary Phagan. Lee was not allowed to sleep, and you know what that means to a negro. No sooner would he curl up on his bunk to dream of yellow-legged chickens, watermelons and the fresh air of liberty, than along would come Black or Stripes or some other member of the detective force to harass him with questions. For months his life has been one of interrogation.

He told his story so often that doubtless if he were asked which he preferred, fried chicken or watermelon, he would say:

"I went down into the basement and I saw Lee."

"When New Lee went on the stand, Luther Rogers, who is a heartiest when it comes to making a person up, had no terrors for him. The mere fact that New Lee had no education stood him in good stead. His memory, or his 'recollection,' as he termed it, and John Black forms a nice study in psychology. Lee would doubtless think Rogers had been neglected, and used that word in his presence, and, but, really, that is all there is to be said of words he used before. It. One did and the other didn't."

"I was in for a merry, merry old time of it."

"I should worry," soliloquized John Black. And worry he did.

No one questions that Black did his best. Jim Jeffries, also, did his best. That New Lee had no education stood him in good stead. the coroner's jury.

"So, Mr. Frank told you to go out and have some fun, did he? Luther Rogers asked."

"Now, eh. He didn't say dat. He told me to go out and have a good time."

With John Black, the case was different. Black is inclined to be nervous. He dreaded the ordeal through which he was to pass, and he looked forward to it with increasing fear as the days passed. Detective that he is, he knew Luther Rogers' tactics. He had been questioned by him before. He had felt the sting of Rogers' sarcasm; he had suffered from the vitriol which Rube Arnold occasionally poured into a witness' ears by his colleague. He knew he was in for a hiding—that great strips of skin were going to be taken off his person, and that no matter what he said or how he said it, he would be in for a merry, merry old time of it.

## PANIC BREEDERS SCORED BY STONE

Missouri Senator Charges the Republican Leaders With Attempting to Create Financial Trouble.

Washington, July 30.—(Special.)—Democrats and Republicans of the senate clashed again in debate on the Underwood-Brimmon tariff bill today when Senator Stone charged that the republicans were deliberately attempting to bring on a panic in their speeches attacking the pending measure.

Republicans leaders denying any intention to bring about disaster, declared they feared that such actually would be the result. Senator Gallinger asserted he was not "calmly" however, but that he actually feared the results which he hoped would not come. If the disaster he feared did not come, the senator said, the glory would go to the democrats.

Senator Paterson declared that not only did he fear the proposed bill would bring on disaster, but that industrial depression already was upon the country. He cited instances of steel mills in Pennsylvania that already had closed down.

While republican and democratic leaders were engaged in hot discussion, Senator Keweenaw asserted that in his talks he had always stated he did not believe the pending bill would result in disaster, and that the people of his state did not believe so either.

"Of course, I was not referring to the progressive republicans," said Senator Stone. "I was referring to the majority of the minority were attempting to arouse the people."

The Missouri senator declared it appeared to him that the republicans, through their speeches, were sending messages to the country with a design of creating fear and distrust.

Senator Clark, of Nevada, in answer, asserted that if any disaster were being engineered, it was through statements by President Wilson, and not through the republicans.

Senator Redfield and Secretary Meadows, republican leaders, replied with a charge of a conspiracy among republican senators to create public distrust.

"Name the senators," demanded Senator Clark.

"I have no intention of naming any," responded Senator Redfield. "I have not delivered a speech," returned Senator Clark.

## MRS. YOUNG TO REMAIN WITH CHICAGO SCHOOLS

Chicago, July 30.—Mrs. Ella Plaz Young, superintendent of Chicago public schools, who tendered her resignation a week ago because of friction with certain members of the board, announced today she had decided to remain in her position. This announcement was made after the board of education had declined by the vote of 14 to 1, to accept her resignation.

When informed of the board's action, Mrs. Young said:

"I accept the decision of the board and will fulfill to the best of my ability the responsibility which is placed upon me. I deeply appreciate the attitude of the people of Chicago."

## ENGINEER IS KILLED; 146 PASSENGERS HURT

Fast Express Crashes Into Rear of Pennsylvania Passenger Train.

Altoona, Pa., July 30.—One man was killed and 146 passenger and trainmen were injured, only one dangerously today, when a fast express crashed into the rear-end of a passenger train on the Pennsylvania railroad at Altoona, 15 miles east of this city. All of the injured, excepting eleven, who were being cared for in the city hospitals, were able to continue their journey. Both trains were steel construction, and this is believed to explain the fact that there were not more casualties.

George K. Funk, engineer, of Harrisburg, Pa., was the only person killed. Among the injured were John P. Cuthbert, of Blue Island, Ill., and John Jeskovic, of Chicago.

Westbound passenger train No. 18, known as the Pittsburgh Express, which arrived at Altoona four minutes late, had already started out of the station for Philadelphia, a fast express traveling about 30 miles an hour, came around a curve and plunged in the rear car on the rear of No. 18.

The locomotive of the Pittsburgh Express was derailed. When the locomotive lurched forward, it crashed against the railroad fence and instantly killed. Most of the injured passengers were in the last two cars of train No. 18, which received the impact.

Railroad officials who investigated the wreck reported that they were unable to determine the cause of the accident. Engineer Funk's derailed locomotive was damaged.

## DENIED MULE RIDE, YOUNG MELROSE BOY KILLS WALKER SMITH

Valdosta, Ga., July 30.—(Special.)—Henry Miller, an 18-year-old boy, was indicted in jail here at a late hour last night, charged with the murder of Walker Smith at Melrose, Ga., earlier in the evening. Miller stabbed Smith to the heart with a knife, the indictment in a few minutes.

Miller, who was employed at the turntable station of the Georgia Railroad, was charged with the murder of Walker Smith. Smith had been riding a mule on the railroad and objected to the boy riding one of them after the day's work. He said he had struck young Miller with a small stick. The latter became enraged and started to the mule for a gun, but was held by Smith. When released, he drew his knife and killed Smith.

Miller is prominently connected with a lad in knee pants, Smith was 23 years old, and leaves a wife and two children. He was a son of Lawson Smith, of Statesville.

## Locked in a Box Car in Atlanta Weissman Carried to Knoxville

Knoxville, Tenn., July 30.—After being confined in a box car for twenty-four hours, W. C. Weissman, who claimed to be a chemist from Jacksonville, Fla., was liberated in the Louisville and Nashville yards here late last night.

He stated that he was in quest of his automobile in the yards in the morning in Atlanta when he climbed into a car laden with household goods and fell asleep in a rocking chair. When he awoke the train was in motion.

His cries attracted attention of men in the local yards, who opened the car and rescued the man. His temperature of which he said, had reached 100 degrees throughout the journey.

## BISHOP NOW PARTNER OF PURE-FOOD WILEY

Athens, Ga., July 30.—(Special.)—John L. Bishop, adjunct professor of animal husbandry at the Georgia state college of agriculture, has accepted resignation to that institution to be effective the first of next year. Mr. Bishop has been successful in forming a partnership with Mr. Harvey W. Wiley, pure food chemist and director in chief of the bureau of chemistry, to operate a dairy farm in northern Virginia, near Hudson, Va.

Mr. Bishop has a high grade of butter will be supplied to the first-class hotel trade of Washington.

Mr. Bishop expresses his sincere regret at leaving Georgia, where he has found so kind and generous, and in which he has found so many friends. He has been most pleasant and agreeable, but he is of the opinion that there are certain political conditions existing in the state of such nature as seriously hinder the work of the state college and prevent the best agricultural development of the state. Concerning this situation he has the following to say:

"It is indeed sadly unfortunate that the most vital and most essential integral part of a state's university should be so handicapped by incompetent and prejudiced men as to be unable to do the work which is its duty to do. If I can secure service to the development of the state, I will be glad to do so. If I cannot, I will be glad to leave the state. I am sure that the people of the state will be glad to see me go."

Mr. Bishop is a native of Georgia and has been a resident of the state since 1885. He is a graduate of the Georgia institute of technology and has been a member of the Georgia institute of technology since 1885. He is a member of the Georgia institute of technology and has been a member of the Georgia institute of technology since 1885.

## CRIMINALS PROTECTED, ACCORDING TO HOWARD

Washington, July 30.—(Special.)—While the present department of justice is being organized and discussed, for continuing a case in the federal court, the people should know that the present attorney general has not yet gone as far as the former attorney general in the suppression of criminal prosecution for federal crimes.

This statement was made by Mr. Howard in a speech before the committee on the civil service commission to submit all documents and papers in his possession relating to the case growing out of the solicitation of campaign contributions in the federal building in Atlanta during April of last year.

He said that these papers be submitted to the committee on reform in service, together with the report of the attorney general, and the civil service commission sends up all the papers connected therewith. It is expected they will show that the civil service commission is not a mere rubber stamp for the purpose of soliciting from employees of the government and appointees of the president campaign contributions; that these contributions were solicited upon a government reservation, in direct violation of a federal penal statute; that the parties engaged in this predatory work were caught red-handed in the very act of soliciting contributions; that the civil service commission, with evidence to convict the parties.

"I am informed the record shows that the department of justice instructed the civil service commission to assist in its prosecution, and the civil service commission assisted in making their contributions to the detriment of their families and their financial welfare were fleeced out of their money, and the violators of the law have thus far gone unpunished and unnoticed."

## JURY NOW CONSIDERING HARNAGE MURDER CASE

Moultrie, Ga., July 30.—(Special.)—The case of the murder of J. M. Harnage, who is charged with the murder of J. M. Harnage, has been on trial in the superior court here for the past two days. Arguments of the attorneys were concluded at 7 o'clock and Judge Thomas charged the jury immediately. It is not expected that a verdict will be reached until morning.

The state depended principally upon the testimony of the aged wife of the dead man, who graphically described the bloody attack made upon her husband and while she stood looking for his life, she testified that Harnage brought it down with terrible force upon the head of old man Harnage, fracturing his skull and spilling his brains upon the ground. Julia Harnage, a daughter, corroborated the mother and while undergoing examination became hysterical and had to be assisted from the witness stand. She was subjected to cross-examination and again collapsed.

Jerry Hart, a brother of the defendant, is indicted for the murder of Harnage, and will be tried upon the conclusion of the present case.

## "OLD MAN" OF FAMILY NEEDS NATIONAL DAY SAYS J. HAM LEWIS

Washington, July 30.—Senator J. Hamilton Lewis has come to the conclusion that the "old man" of the family has not received proper recognition from a grateful country, although the nation has honored the other members of the American household. As a result he announced today his intention to introduce a bill setting aside July 29 as "Father's Day." Already there is a "Mother's Day," and a "Children's Day."

"Why shouldn't we do something for the old man?" asked the senator. "He pays the bills and on cold winter mornings is forced to huddle in. In summer he makes him do the work of a horse in mowing the lawn beneath the blazing sun. His lot, altogether, is not a happy one. He deserves the recognition."

Senator Lewis intends to introduce a bill at this session, but will not press it for consideration until the regular session begins.

"If prompt action is not taken on it, then he threatens to make a speech."

## KID HIDES IN FIELD AS GRIEVING FATHER DIVES FOR HIS BODY

Augusta, Ga., July 30.—(Special.)—While his father and a number of friends dived into the muddy depths of the Savannah river yesterday in search of the body of Louis Meredith, aged 7, who was last seen on the banks of the river and who was supposed to have been drowned, while his mother looked on in an agony of grief, the young victim was crawling on hands and knees through a muddy corn field near by to escape the searchers.

He was the son of a poor man, who thought in the present of death and thought the desperate efforts of the half-naked men as they repeatedly plunged under the surface.

## SKIN OF HIS ABDOMEN USED TO SAVE HAND OF AN X-RAY EXPERT

Baltimore, July 30.—Wearing the skin of his own abdomen upon his hand, Dr. Frederick B. Baetler, of Baltimore, Md., saved the hand of a patient from a remarkable operation at Johns Hopkins hospital.

To save his hand, four fingers of which were amputated a year ago after the infection caused by a burn, a piece of the skin of the patient's abdomen was turned back from the abdomen, the incision being made directly to the wound and the skin held over it.

Then, after a while, the work of severing the ends of the skin attached to the hand was begun. It is nearly finished now, and it is believed today that Dr. Baetler's hand will be sound and whole save for the missing fingers.

## WHITE HOUSE CLOSED TO OKLAHOMA NEGRO

Patterson Has Been Vainly Trying to See President for Two Weeks.

Washington, July 30.—(Special.)—Adam E. Patterson, the Oklahoma negro, who was nominated by President Wilson for register of the treasury, which pays \$4,000 a year, called at the white house today, but found nobody in.

Patterson wanted to confer with somebody about his appointment and the opposition of Senators Vardaman, Smith, Thomas, and other southern democrats, but the president was not in, and Mr. Tumulty, secretary to the president, was busy.

## DIVIDEND IS REDUCED BY ILLINOIS CENTRAL

New York, July 30.—The directors of the Illinois Central railroad today declared a semi-annual dividend of 2 1/2 per cent. This was a reduction of 2 per cent in the annual dividend, which was 7 per cent since 1905.

An explanation of the reduction, Illinois Central broke 3 points before a announcement of the dividend, and immediately afterwards declined more to 107—the lowest price since 1909, when it sold at 85 1/2.

Reasons for the reduction, according to a statement issued by the directors, were "the unusual and severe conditions of the traffic and the increase in expenses due to January and April floods. Notwithstanding the fact that the company's earnings for the first three weeks of July show substantial increase."

Operating expenses are now reflecting the increase in the cost of fuel, and increased efficiency of new shop organization and crop conditions throughout the territory served by the line. Lines proper continued increases in business.

The Illinois Central first began paying dividends in 1887 at the rate of 2 per cent. This was reduced in 1891 to 1 1/2 per cent, where it remained until 1890, when the rate was raised to 2 per cent, which was continued until 1895, when the rate was raised to 3 per cent.

## 6TH DISTRICT MASONS CONVENING IN MACON

Macon, Ga., July 30.—(Special.)—With delegates in attendance from every Masonic lodge in the sixth district the district convention of the Masonic lodge was held here today. At 10 o'clock this morning a public meeting was held at the Mulberry Methodist church, where City Attorney A. W. Lane delivered the opening address, and Judge A. T. Daniel, of Griffin, the respondent. At noon a banquet was held at the Idle Hour club, and at 2:30 p. m. and 5 p. m. business sessions were held at the rooms of the Macon lodge.

Grand Master Robert L. Coddling, of Savannah, was unable to attend the opening session, but arrived during the afternoon for the business meeting.

The exemplification of the master Mason's degree took place tonight, after which the delegates were put through the work.

## Dawson City Court

Dawson, Ga., July 30.—(Special.)—The July term of the city court of Dawson came to an end late Tuesday afternoon after holding the longest session since the court was established in 1895. When the term began on the 21st instant Judge Edwards was confronted with heavy dockets, both civil and criminal, and he succeeded in virtually disposing of the cases thereof before adjournment was had.

## HUNTER ELECTED HEAD OF BRINSON RAILWAY

Expected That New Administration Will Push Road Into Northern Part of State.

Savannah, Ga., July 30.—(Special.)—With the election of John Heard Hunter, of Savannah, as president, the Brinson railway company was reorganized today. James Imbrie, of New York, who purchased the stock of President George M. Brinson, of Richmond, Va., who built the line, is here.

The officers elected today: President, John Heard Hunter, Savannah; directors, Mills B. Lane, J. H. Hunter, E. T. Conner of Millhaven, E. M. Hitch, H. D. Stevens, John P. Wallis of New York, and M. Goodbody of New York. Mr. Lane is president of the Western Railway and Electric company, the board of directors.

Mr. Brinson owned about 8,000 shares of the common stock of the road, and he authoritatively stated that he received by the sale of the fifty dollars a share for his holdings. It is reported that after Mr. Brinson meets the obligations he will have to meet in connection with the road, and has paid other obligations, he will be worth something like a quarter of a million dollars through the sale of his railroad. It is expected that the immediate interest will be in the sale of the Brinson road into the northern part of the state, where it was destined to go when Mr. Brinson was out.

Mr. Brinson, who has been much interested in the sale of the railroad, says that Mr. Brinson has declined his railroad-building career in Georgia, and what Mrs. Brinson has great weight with the promoter of rail lines.

## FANNIN PEOPLE OPPOSE TIME LIMIT EXTENSION

Senate Committee Gives Governor Power to Treat With Copper Company.

The resolution authorizing the governor to enter into agreement between the state and the Tennessee Copper company was yesterday afternoon given a favorable report by the general committee of the senate after a hearing. John D. Little and Howard McCormick, representing the copper company, and Thomas A. Brown, representing the citizens of Fannin county, who have complained of the fumes coming from this concern's plants which, it is claimed, have been deleterious to the growth of crops in and around Dicksboro.

A committee representing the citizens of Fannin county appeared before the committee to oppose the passage of any measure which tends to extend the time allowed the company operating the plant by the supreme court of the United States to put an end to the case of the farmers' complaint.

This committee from Fannin, consisting of R. W. Nichols, T. A. Brown, W. A. Jones and J. M. Morris. These gentlemen presented to the senate committee a resolution adopted by a vote of 599 to 2 at a mass meeting of the citizens of Fannin county last Monday.

The complaint of the citizens of Fannin and adjoining counties, as set forth in the resolution, are that the Tennessee Copper company and the Ducktown Sulphur, Copper and Iron company, Ltd. have for many years operated a series of smelters and furnaces just across the Georgia-Tennessee line from which fumes have been borne by air currents across the farms of the citizens, killing their crops, fruit trees and timber.

The resolution also states that the supreme court of the United States in May, 1907, delivered an opinion allowing the copper and sulphur companies reasonable length of time in which to erect structures and make arrangements to stop the fumes. The companies were also placed under contract with the state to limit the operations of the green ore and sulphur plants during the crop season.

The contention in the resolution is that the companies have had a reasonable length of time to comply with the ruling of the supreme court and have failed to comply with the terms of the contract with the state. The time limit after which the supreme court may grant a permanent injunction against the companies is the coming October, and the resolution asks the state to allow an extension of this time limit, but to obtain relief for the farmers of that section.

**Bills are Passed.** The following bills were reported favorably by the general committee of the senate Wednesday afternoon:

A bill to put Jenkins county into the Augusta judicial circuit with referendum clause attached.

Authorizing governor to enter agreement with Tennessee Copper company.

Bill to provide for election by the people of U. S. senators.

The following bills were reported unfavorably:

Bill to require public companies to publish financial statements. A minority report will be filed.

To make uniform force on all public utility bills in all parts of the state.

To empower governor to declare public utilities as public utilities under certain circumstances. Minority report.

To change Fulton county from the Albany judicial circuit into the Cordele circuit.

**WOMAN DIES FROM FALL INTO HOLEY BASEMENT**

Mrs. N. M. Mathews died early Wednesday morning at Lincoln hospital as a result of injuries received Sunday night, July 14, when she fell into the basement of the Holey building.

It was at first thought that her injuries would not prove serious, but in the last few days complications from unexplained internal injuries met in that resulted fatally. Mrs. Mathews lived at 255 Ashby street.

**Case Is Postponed.** To permit the defense time in which to summon character witnesses, Recorder Brylson continued the case of W. E. Nace, 32 McDaniel street, and R. E. Greenlee, 408 North street, the two young white men who were arrested Tuesday night on the roof of the Central Presbyterian church on the charge of peeping down into the apartment adjoining which is occupied by three young women. Nace denied that either he or Greenlee were looking into the apartment and claimed that they were on the church roof looking for a hammer, which Nace states he lifted there while recently working on the roof. They will be given a hearing this afternoon.

## \$1,300 STILL DUE ON THE SILVER SERVICE FOR U. S. S. GEORGIA

A Georgia governor's word is good if it does like his people to make it so. Providing a resolution introduced in the house of Representatives, which was adopted by the legislature, and further provided the state treasury department find itself able to pay up \$1,300 to men.

Representative John T. Smith, of Washington county, introduced a resolution asking the payment of \$1,300, which since 1907, has been due to the men who have been due the Crankshaw jewelry company, of Atlanta, for a silver service presented by the state to the late Joseph M. Terrell.

The resolution states that the silver service was to have been paid for by public subscription, and that Governor Joseph M. Terrell said the jewelry company his word that the bill would be paid.

## WILLIAM GHEESLING FIRST WITNESS TODAY

Harry Scott, Pinkerton Detective, Will Also Be Called to Stand During Day.

William Gheesling, the P. J. Bloom, the undertaking attaches who made the first examination and embalmed the body of Mary Phagan, will probably be the first witness called to the stand in the Frank trial this morning.

He will be followed by Harry Scott, the Pinkerton detective who worked with Detective John Black in the murder investigation, and who engineered the third degree which resulted in Conley's confession.

Dr. Hart, county physician who examined the corpse, and who, it is rumored, testified before the grand jury to the effect that no assault had been made upon the girl, will likely be called this afternoon.

Evidently a big fight will be waged upon Dr. Hart's testimony, as the defense, it is stated, has already made arrangements for an expert anatomist to take notes of his story.

## GLOVER TRANSFERRED TO RICHMOND OFFICE

H. W. H. Glover, traffic manager of the Virginia-Carolina Chemical company and the Southern Cotton Oil company, will be transferred, with his family, and will be located at the home office of the former company at Richmond, Va., sometime after the middle of August.

Mr. Glover first located in Atlanta in 1902 as division freight and passenger agent for the Seaboard Air Line.

He was promoted to the position of general freight agent in 1907, and in 1910 he was promoted to the position of division freight and passenger agent for the Seaboard Air Line.

He was elected to his present position in 1912, and returned to Atlanta in 1913.

Mr. Glover was born in New York, Mr. Glover has been identified with the shipping interests of the south all his business life, first with the railroad and steamship, and then with the industrial side of the proposition, and has great confidence that the wonderful development and growth he has witnessed there is but a beginning.

Mr. Glover's return to Virginia, where he was married and where all his children were born, is like going home. He and his family have many regrets at leaving Atlanta after ten years enjoyable residence here.

It is in favor of athletics of all kinds.

## Faces Judge for Fourth Time

For the fourth time since January Walter M. Nace, a young man residing at 14 Peachtree street, faced Recorder Brylson Wednesday afternoon, charged with loitering and refusing to leave. Some months ago Probation Officer Crowder took Crowder in charge, and has secured several positions for him.

According to Officer Crowder, Crowder would work for a day or two and then quit. When brought before Recorder Brylson Wednesday he pleaded so earnestly for more chance that he was given half sentence in the stockade after which he will be given another opportunity.

## Pawned Stolen Watches.

Charged with burglary, Jim Gleaton and Sam Miller, a young man residing at 14 Peachtree street, were arrested Wednesday afternoon, charged with loitering and refusing to leave. Some months ago Probation Officer Crowder took Crowder in charge, and has secured several positions for him.

## CUSTIS NOTTINGHAM GIVEN MACON OFFICE

Senator Bacon's Choice Is Nominated to Succeed Harry Edwards.

By John Corrigan, Jr. Washington, July 30.—(Special.)—Custis Nottingham, of Macon, was today nominated by the president for postmaster at that city. He will succeed Harry Hillwell Edwards, who has refused to resign, despite demand of the postoffice department for his resignation.

There were several unusual factors in connection with this appointment, contrary to the long established and invariable custom, which permits a senator to name the postmaster in his home town. Representative Bartlett put forward William T. Morgan as a candidate against Mr. Nottingham.

Senator Smith declined to interfere in violation of senatorial custom, and Representative Bartlett asserted that he did not seek to have him do so.

Why he put up a friend merely to be discarded he did not explain. Mr. Edwards, in a public statement, said that Senator Bacon had nominated Mr. Nottingham because the latter had charge of the senator's dairy interests, and admitted that he was a good farmhand.

Mr. Nottingham is a lawyer, and has handled much legal business for Senator Bacon since the latter ceased to practice law, which has brought them very close together.

No opposition to the nomination of Mr. Nottingham is expected, and Mr. Edwards term will then automatically expire.

Another postmaster's nomination today was that of Gilbert B. Banks, of Waynesboro.

## Mothers Should Have Custody of Children, Says Judge Pendleton

Unless it is proven that the mother is an unfit person, Judge J. T. Pendleton, of the superior court, believes that she should be given the custody of children. Judge Pendleton has previously expressed his opinion that mothers should have more than any other magistrate in Fulton county, in fact, there are few in the entire state who have listened from the bench to more stories of matrimonial wars.

Judge Pendleton has decided twice as to the proper custody of children in cases where the mother has been estranged. He emphatically declared recently that mothers should have first consideration, provided, however, it is shown that they are capable of guardianship.

Judge Pendleton favors the principle of the bill introduced in the house by Representative J. T. Smith of Fulton county, and which was given a hearing before the general judiciary committee Wednesday afternoon.

and ask for a certain kind of merchandise.

This means hundreds of millions of single purchasing transactions yearly.

Of the thousands of products turned out by busy plants, a very small fraction of one per cent are known by name—and then only because of advertising.

Is your product among these, Mr. Manufacturer?

While millions are spent every year in advertising the business of advertising is still in its infancy so far as most products and industries are concerned.

There are hundreds of manufacturers who do not know how to reach the public that will actually buy their products.

Their ideas of advertising possibilities are the shadowiest.

Such manufacturers and all who are interested in creating a demand for products nationally are invited to write to the BUREAU OF ADVERTISING, AMERICAN NEWSPAPER PUBLISHERS ASSOCIATION, WORLD BUILDING, NEW YORK.

## HABES CORPUS WRIT HALTS DEPUTY SHERIFF

A writ of habeas corpus was served yesterday on C. M. Mullis, a Dodge county deputy sheriff, when he attempted to take into custody R. P. Mitchell, an Atlanta lumberman, on a misdemeanor charge. Mullis declared that he would take charge of Mitchell, writ or no writ, but when he was confronted with the prospect of going to jail for contempt of court he promptly abandoned the idea and remains in the city until the writ is granted.

Attorney William M. Smith secured the writ in behalf of Mitchell, who he claims is the victim of mistaken

L. C. Green Is Conducting a Campaign to Secure Needed Improvement.

L. C. Green, member of the park board, is conducting a campaign in the interest of the establishment of a public comfort station. Commissioner Green has sent out 5,000 postal cards

asking citizens for their opinions, and urges that if they favor the project to give it their support. He has received more than 2,500 favorable responses.

Councilman Sam Shepard, of the third ward is making the fight for recognition of the project by council. He believes Atlanta should erect handsome buildings at some central point to the shopping district.

Dan Carey, manager of the park, has addressed letters to the mayors of twenty-two cities of over 100,000 population asking for information.

One William Harmon Green and Leo Spillars are interested in the project. They are getting out letters and sending them to the park board. A new appeal and act to displace the

existing station for their opinions, and urges that if they favor the project to give it their support. He has received more than 2,500 favorable responses.

EUGENIC MARRIAGE  
MEASURE DEFEATED

Bill Providing for Application of Indeterminate Sentence Is Passed by Senate.

The marriage contract bill of Senator Hixon, written by Dr. E. L. Emory, of the University of Georgia, was defeated in the senate by a vote of 19 to 15, when it was indefinitely postponed. This bill provides that parties contracting marriage shall have certificates from their family physicians showing that they are free from transmissible diseases of a serious nature. Considerable humor was injected into the arguments of the senate.

Those senators speaking for the measure were Hixon, Richardson, Clark, McNeill and Converse. Against the bill were Senators Ekins, Harrell and Smith.

Senator Tarver's bill providing for the application of the indeterminate sentence in case of misdemeanors and the appointment of probation officers was passed unanimously.

The bill of Senator C. E. McGowan amending the constitution so as to allow counties seeking admission to the state to hold an election of all the qualified voters in the counties affected, and let the result of this election determine the admission of the county, was defeated by a vote of 22 to 15. The vote was eight short of the requisite two-thirds constitutional majority, and Senator McGowan stated that he would move to reconsider the action of the senate today.

A local bill providing for the removal of the county seat of Murray county from Spring Place to Chattahoochee was passed.

The following appointments of the governor were sent to the senate, and will doubtless be confirmed today:

E. F. DuPre, to be judge of the city court of Savannah for a term of four years from August 12, 1913.

John F. Redding, to be collector of the city court of Savannah for a term of four years from August 12, 1913.

A. M. Foy, to be judge of the county court of Barlow for a term of four years from October 13, 1913.

**JAMES ENGLAND DIES AT DAUGHTER'S HOME**

James Ross England, 82 years of age, died at the residence of his daughter, Mrs. Morris Brien, Lansham and Gordon streets, Wednesday afternoon at 1:30 o'clock.

Mr. England for years was southern sales manager of the Cote D'Azur Manufacturing company, of Falls River, Mass., making his home at Falls River, Mass. He had been on the road for thirty years and was one of the most popular salesmen in the south. He had many friends in Atlanta. He leaves Mrs. Brien, he is survived by two sons.

The body is at Barclay & Brandt's funeral establishment, pending the announcement of funeral arrangements.

**CHAMBER OF COMMERCE NOW HAS A NEW HOME**

The formal transfer of the Y. M. C. A. building, at Pryor street and Auburn avenue, to the Chamber of Commerce, took place yesterday.

The deed conveying the property was signed by Captain J. W. English, chairman, and J. K. Ottley, secretary of the board of trustees of the Y. M. C. A.

At the same time was consummated a transaction by which a loan of \$100,000 was placed upon the property by the New York Life Insurance company. This building was purchased from the Young Men's Christian association over a year ago by the Chamber of Commerce Realty company for the sum of \$150,000.

FINLEY WILL REMAIN  
WITH THE SOUTHERN

Rumor That He Would Resign to Go to Harriman Lines Unfounded.

By John Corrigan, Jr.

Washington, July 30.—(Special).—The report that President W. W. Finley, of the Southern railroad, is to resign to accept the presidency of the Harriman lines is entirely unfounded.

Mr. Finley sailed yesterday for Europe to be gone several weeks. He is going both for a rest and also for the purpose of looking into the matter of floating authorized securities of the Southern railroad with a view of making additional long contemplated improvements along the line—among which is the double tracking of the entire trunk line between Washington and Atlanta.

On account of the stress of the financial conditions the world over during the past few years most of the bond issue authorized by the Southern railroad have not as yet been sold. The management preferring not to put the sale on a bad market. With the apparent certainty of a peaceful settlement of the Italian troubles, however, it is generally considered that brighter days are ahead and it is probable that while he is in Europe President Finley may open up negotiations for a sale of at least a part of the authorized bond issue in which event extensive improvements will be begun at an early date.

It is stated positively here by those who know and who are in close touch with President Finley that he has never for a moment considered resigning. Indeed, a very high official of the road had it from the mouth of President Finley himself, before leaving, that there was nothing in the rumor. He said that it is his ambition to serve as president of the railroad for at least a few years longer in order that important policies inaugurated by him may be carried to completion. This statement seems to be definite and authoritative.

**MASONS PAY TRIBUTE TO ISAAC STEINHEIMER**

Attended by an unusually large gathering of Atlanta's most prominent Masons the funeral of Isaac Steinheimer, a resident of Atlanta since the sixties, was held yesterday morning at 10 o'clock from the residence, 775 West Peachtree, where he died unexpectedly last Monday night after an illness of less than a week.

Atlanta's prominent in every walk of life who had known Isaac Steinheimer since he came to Atlanta and with whom he had worked side by side in upbuilding the city of today from the ruins Sherman had left were present to show their respect and esteem for him.

The funeral services were under directions of Atlanta lodge No. 5, F. & A. M., to which Mr. Steinheimer attached himself shortly after making voice and Mr. Baumay 526.

## MEN AND RELIGION BULLETIN NO. 67

## Our Wayward Girl

"The child is not dead, but sleepeth"

---Mark 5:39

A man came crying:  
"My little daughter is at the point of death;  
"I pray thee that thou come and lay thy hands on her, that she may be made whole and live."  
With him, went Jesus.  
On the way, a woman touched Him.  
She was healed.  
But others came saying to Jairus:  
"Thy daughter is dead: why troublest thou the Master any further?"  
Jesus said:  
"Fear not, only believe."  
And in the house He asked:  
"Why make you a tumult and weep? The child is not dead, but sleepeth."  
And they laughed Him to scorn.  
But when He touched the girl and spoke, she rose and walked.  
"She was twelve years old."  
Worse than death may come to the daughters of men—even to yours and ours.  
And some men and women would laugh in derision at the suggestion of their cure.  
But not so with Christ, our Lord.  
And, thank God, the centuries of His love have made the majority of mankind pitiful to the fallen: they no longer scorn and stone, if they only know.

Think of this!  
Seventy-five girls—not hardened women of the street—but girls under sixteen, are in charge of one Georgia court. Many more—some even younger—are in the State.  
"They are morally dead," say some.  
Not so, we answer in Christ's name.  
They only sleep.  
You could wake the conscience of each one of them—  
You could save them, and with them, many others, from worse than death, had Georgia a reformatory for girls, like other states.  
They are being lost for the want of this.  
Do not pass them by.

**TO SAVE ONE MAN'S DAUGHTER FROM RUIN AND SHAME IS WORTH MORE THAN TO SAVE ALL OUR HOGS AND COWS FROM CHOLERA AND THE TICK.**

And yet, Tuesday again the Appropriations Committee of the House recommended the appropriation of thousands of dollars for this and that.

**WHILE CHAIRMAN CRAWFORD WHEATLEY, of Sumter, moved that the Jones and Mills bill establishing a reformatory for girls, be laid on the table until next year.**

This would mean the destruction of many a girl—their loss for the want of a place in our state to handle delinquent girls; these cannot be put in the chaingang or with the women of the prison farm.

John Y. Smith, of Fulton, with C. F. Hollberg, of Coweta, saved the measure by suggesting that it lay over until this coming Thursday.

Chairman Wheatley agreed to this.

It was done.

The Penitentiary Committee has recommended that this bill do pass.

The Prison Commission has said that Georgia today cannot take care of her wayward and delinquent girls.

Confidently, we believe that the Committee on Appropriations will recommend the passage of the bill, carrying the appropriation of \$30,000.00 (\$45,000.00 less than was asked for) to build the reformatory for girls.

The need is urgent—far more so than the sickness of our hogs.  
You can and will find a way to provide for these girls, even as you did for our beasts that are sick.

## CROWD THRILLED BY MOTOR RACES

Fast Going, but Are Disqualified by the Judges

There was something that got the crowd to their feet in the terrific half-hour race that featured the motorcycle events of last night and from the excitement there they saw, riding one of the best races of his life, forged ahead after six minutes and turned the end of thirteen minutes of a killing pace, until the end of the thirty minutes when he was met by Luther and covered thirty-eight miles and laps, leading all. This pair, which was the best of the night and the winners, had to be disqualified on account of both remaining on the track at the second lap.

The winners were finally given out as Richards and Shields, first; Luther and Shields, second; and Neil, third, and Glenn and Rensel, fourth.

despite the effect of postponement on account of the stubbornness of the weather man and the threatening weather up to the last minute, brought out a crowd that filled the grand stand and left few vacancies in the arena and proved as good in actual results as it was in appearance.

Harry Glenn, the Ankeny boy, took a two-mile match race from Luther in the time of 1:28 2-5, and later, riding Graves' Excelsior, tried for the track record of :38 4-5. He failed to make it by three seconds, but showed the motor fans a game effort.

Graves, riding 58 miles an hour, won the final of the Motordrome sweepstakes after he had also won in his heat. His riding in the final was something terrific. The thrill of the night, however, came when Luther, in the half-hour affair, skidded half way down the track. His lucky star was shining above him and he missed the other riders and went on as though nothing had happened.

The next race will take place on Friday night, provided that Weather Man von Herrmann takes a notion to allow them.

Cincinnati, July 30.—"Rube" Benton, Cincinnati National league club pitcher, who was injured when his motorcycle collided with a Madison road car early this morning, recovered consciousness at noon, and with it came assurance that while his condition was dangerous, yet it was not as critical as was first thought.

Even should he recover, physicians hold out no hope of his being able to

President Herrmann, of the Cincinnati baseball team, said today that Ruben Benton, who was seriously injured when his motorcycle collided with a street car, would not be allowed to continue on his salary, and that the club would not stand any expense while he is at the hospital.

Mr. Herrmann said that he had repeatedly requested Benton not to ride his cycle.

"The whole affair is an injustice to the club," said Mr. Herrmann. "The injury of Benton means that we will have to raise our rates."

**His Early Career.**—  
Macon, Ga. July 30.—It was here in 1910 that Benton obtained his start in baseball. He came to Macon as an unsophisticated country boy, with natural talent for pitching, but under the tutelage of Catcher George Kahl Koff, who took a personal interest in the youngster, Benton soon developed into the greatest sensation the South Atlantic league has ever known. His record was even more phenomenal than that made by Eddie Cline

In 1905, with Augusta. In midseason, Benton was sold to the Cincinnati Nationals for \$6,500, the highest price ever paid for a class C ball player. He has pitched fine ball.

Rube Benton's home is in a little country town in North Carolina. He recently was married.

## ATLANTA'S STRIDES FROM DAY TO DAY

All the News of Real Estate and Building.

Atlanta has another realty agency in the firm of Heaves & Moran, No. 417 Empire building. The firm is composed of J. P. Heaves, formerly in the realty business in Asheville, N. C., and T. L. Moran, formerly sales manager for the L. P. Butterfield agency of this city. They will handle general real estate in Atlanta and Georgia.

Delay in Executive Mansions. Real estate men think it is doubtful if any action is taken in regard to the disposition of the present executive mansions at the southeast corner of Peachtree and Cain streets. As there are only a few more days left of the present season, there is little chance for the matter to come before the body.

Frederick Helgeson Sale. L. B. Helgeson has sold to Mrs. Victoria Helgeson the Robert A. Rider Realty Agency & Store, No. 48 Georgia Trust Building, No. 100. The lot is 80x125 feet, and one of the choicest in that section.

Gayle Park Sale. Gibson House of Columbia has sold to a client of the John D. Babington Realty company, a 30x100 foot lot on the south side of Avery Drive, between Piedmont avenue and Madison Drive, for a consideration of \$1,150.

Bryant M. Grant Bank. Bryant M. Grant, Atlanta's well-known real estate dealer, has returned from a short trip to St. Louis, St. Louis, Louisville and other points. Mr. Grant predicts a large volume of realty business in the fall.

One Opera Renting Station. Hurt Co., one of Atlanta's well-known realty men, with offices in the Empire building, has opened a renting department, with a competent manager in charge.

JULY COTTON OFF;  
OTHER MONTHS UP

Pressure From Houses With Western Connections Main Factor in Decline of July. Fluctuations Wild at Times.

New York, July 30.—Commodities little net change was recorded in today's cotton market, although fluctuations were wide at times. July for instance, selling down 15 points under yesterday's close as a result of heavy pressure from houses with western connections and notices aggregating 15,000 bales, which were quite unexpected.

The opening was steady at 1 to 2 points advance, reflecting better weather pool cables than due and a dry weather map. Gradually prices worked off, however, to a level about 8 to 10 points under last night on new crop rumors, due to selling for the week. The market was then quiet, with a few small fluctuations, but no general movement. The market was then quiet, with a few small fluctuations, but no general movement.
